MR. SCOTT ACCEPTS.

He Says He Will Run the Georgia to Make Money.

TWO MOORS MARRY AT AUGUSTA

One Is a Sheik, and Will Some Day Be a Big Man in His Country. He Is Now Running a Circus.

Augusta, Ga., December 4.—(Special.)—Captain T. K. Scott, who was two weeks ago elected by the lessees of the Georgia railroad to succeed Major John W. Green as general manager, only accepted the appointment today. The delay in acceptance is attributed to Captain Scott being doubtful about accepting the position permanently. Captain Scott says his policy is to manage the road that it will make money. He will maintain the road and equipment in first-class condition and develop the resources along the line wherever there is fair promise of remunerative returns. He declares he will manage the road with as much economy as is compatible with safety and efficiency and, finally, he intends to earn money for the lessees if it can be done, after consistently pursuing the policy of economy. He says he does not intend to make any changes among officials of the road and he hopes that there will be no necessity for the removal of any officer.

He is considering some valuable and necessary improvements to the road, but he will not disclose just now. Manager Scott says the passenger schedule now operated between Augusta and Atlanta has been very disappointing to him, but he may continue the schedule for thirty days after the expiration and give the trains a fair trial, and if the business is not satisfactory he proposes to make some changes, lessening the number of trains. Captain Scott will move his family from Anniston, Ala., to Augusta.

The night passenger train from Atlanta and the Union Point accommodation train, due here early this morning over the Georgia road, did not arrive until noon today. The delay was caused by an accident to the freight train, which occurred near Milledgeville at 4 o'clock this morning. The third section of freight train No. 23, which left here at midnight last night for Atlanta, ran into the rear end of the second section. The damage was slight. The front engine was badly smashed and the platform of two freight cars were broken down. Nobody was hurt.

A party of Louisville and Nashville directors was in Augusta today in charge of Major Branch, Colonel Dyer and Mr. Carville. They were given a luncheon at the club this morning and carried all over the city in a private car tendered by the Augusta Railway Company. The gentlemen composing the party are Messrs. Robert Hunter, Sr., Rutter, Jr., Burlin and Guthrie, all of New York. Mr. Pat Calhoun met them here this afternoon and carried them on an inspection tour over the Port Royal and Yemassee. Whether the gunning will be confined to game strictly on a railroad byway of a side issue is not known. Captain Scott, Colonel C. H. Paine and Superintendent J. H. Averill will be with the party.

The Sheik Was Secretly Married. It leaked out tonight that Sheik Hadji Tabbar, manager of the Arab troupe, also of the Pecosia theater, which was in the city at the time of the fair and now on exhibition at the Augusta exposition, was privately married last Wednesday night in the city. La Belle Fatima, leading dancer of the troupe, was the bride. Hadji is a favorite of his father, Sheik Mohamed Ben Elmorris, ruler of Sues, who is absolutely independent of Moorish government, and has been appointed to succeed his father after his death. Hadji, though in the circus business in this country, is a notable person and will some day become ruler of Arabia. His wife, Fatima, came to America six months ago for the Columbian exposition, and she is highly connected in Morocco.

A Day for Exhibitors. Today was exhibitors' day at the exposition and all the exhibitors were shown every courtesy and attention by the managers. Tomorrow will be Carolina's day and Governor Tillman and his legislature will attend in a body and it will be a great day. The Baptist congress will meet here for the first time in the south tomorrow and will be in session several days.

NORTH GEORGIA CONFERENCE.

Sermons of Haygood, Jones and Hunt-Sam Jones Located by His Desire-Reports.

Gainesville, Ga., December 4.—(Special.)—The conference met at the usual hour this morning, with Bishop A. G. Haygood in the chair. After the preliminaries, the bishop announced that on Sunday he ordained the deacons and elders. Dr. A. S. Hunt, of the American Bible Society, spoke of the great work of his society. They were organized, in 1816, to scatter God's word throughout the earth. They depend on voluntary contributions to carry on this immense work in the United States and every mission field. They have published 57,000,000 copies of the scriptures. They have twelve agents in the foreign fields, where they are helping every missionary by giving them all the scriptures that they need. The Methodist missions would have to stop if it were not for the Bibles given by this society. After listening attentively to his speech, the following resolutions of the committee on the Bible cause were adopted unanimously:

We have esteemed with great pleasure to our address of our brother, Dr. Albert S. Hunt, corresponding secretary of the American Bible Society, touching the scope, needs and claims of that institution; and, Whereas, It sustains such a vital relation to all our mission work, both domestic and foreign, that through it we are enabled to reach most effectively the poor and neglected classes in our own country, and up to us we are dependent for the scriptures needed to prosecute the work abroad; and, Whereas, In view of the growth of our country and the ever-opening doors in foreign fields, it is our duty to give more attention to the Bible cause; and, That the time has come when our church can no longer afford to ignore the duty of the American Bible Society as the greatest of all the missionary agencies of this continent; therefore,

Resolved, That the north Georgia conference inaugurate the general conference which meets in May, 1894, to take into consideration the needs of the Methodist church, south into intimate co-operative relation with the American Bible Society and to place that society among those institutions to which our people are expected and required to support by contributions.

The conference referred the names of many old preachers to the committee for superannuation and superannuated relations. Rev. Walker Lewis presented the report of the Wesleyan Advocate. He complimented the conference on its very fine organ—the work of Drs. Glenn and Christian. The use of \$1,000 for the improvement of the paper by paying for contributions was discussed by Dr. W. D. Anderson, C. C. Carr, Walker Lewis, Dr. G. G. Smith, J. T. Gibson, J. A. Timmerman, J. S. Bryan, W. P. Cook, J. W. Heist and others. It was decided to allow the trustees to use their money, if they deemed it wise.

The question who remain on trial was answered as follows: Frederick J. Mashburn, W. G. Crawley, G. W. Morgan, C. E. Wright, Loy Warwick, William A. Simmons, Thomas

P. Graham, Joseph M. Fowler, Jefferson D. Turner and Samuel A. Harris.

THE LAYMEN.

The afternoon session met at 3 o'clock. Colonel I. E. Shumate, of Dalton, spoke of the Laymen's Teachers' Aid Association. The plan is to get as many laymen to join as possible, the dues being \$1, and upon the death of each preacher, the funds will be paid to his widow or orphans. It will be a golden to them in their deep trouble. The officers are W. A. Hemphill, president; H. Y. McCord, secretary and treasurer.

Managers from the districts—Athens, Dr. J. B. Hunslett; North Atlanta, C. W. Smith; South Atlanta, E. P. Chamberlain; Augusta, C. C. Goodrich; Dahlonega, C. W. Coleman; Dalton, I. E. Shumate; Elberton, L. H. O. Harris; Gainesville, G. M. Wagner; Griffin, H. E. Williamson; Grapeland, C. C. Williams; Oxford, J. M. Pace; Rome, W. P. Turner.

Resolutions endorsing and commending the action of the conference were adopted. The resolutions were unanimously adopted.

An Appointment for Sam Jones. Rev. Sam P. Jones preached at a packed house at the Methodist church at 3 o'clock while the conference business session was going on. He preached on his text, "He will be a golden to them in their deep trouble." His characteristic sermons. He is greatly beloved by his brethren.

The bishop decided that the Methodist church has no place in her organized arrangements for evangelists. He insists that Rev. Sam P. Jones must take an appointment with any other preacher. Brother Jones says he is doing the work God calls him to; that he is sorry that Bishop Haygood cannot appoint him joint agent of the regular evangelists. He, therefore, decided to be located. It was with deep emotion that he spoke of his connection with this conference for twenty-one years, of his deep love for all the brethren and that their interests were dear to him. He said, "I hope I go out from you with your entire confidence." Answers of "yes" came from every part of the house. He said he belonged to God in every fiber of his being, and that he had God's conscious presence and approval all the time.

Bishop Haygood explained the law, and said that the church does not recognize evangelists, and that Brother Jones could do his work outside the itinerant ranks. The request of Brother Jones was then unanimously granted.

The following resolutions, offered by Rev. J. T. Gibson and Rev. J. W. Heist, were unanimously adopted, and there were many tearful eyes at this action.

Resolved, That this conference hereby express its highest confidence and continued interest in our brother, Rev. Samuel P. Jones, who, at his own request, has obtained his discharge from the membership of this conference. His evangelistic work is such that it is necessary to sever his membership with this conference. He has been with us for many years, and during all that time we have been benefited by his presence and his association has been most pleasant. We wish him Godspeed and will welcome him to our sessions as one of us whenever he can visit.

He thus becomes a local preacher. This is deeply regretted by the preachers who love Sam Jones truly. They feel honored that he has so long been a member of the north Georgia conference.

The report of President E. W. Ballenger, of the Piedmont institute at Rockmart, Ga., was read. They have done a noble and grand work in educating those unable to go to college.

Rev. R. J. Bigman read his able report as chairman of the board of education. He reviewed the work of all the colleges, showing a good state of affairs in every one. They are doing superb work in educating the youth.

Dr. J. O. Clark represented Wesleyan Female college in the absence of the president, Dr. W. C. Bass.

Rev. W. A. Parks presented a very strong report from the committee on temperance. It took the usual ground against the liquor traffic, condemning it thoroughly. It was discussed by many, among them, W. A. Farnum, Secretary of the American Bible Society, Dr. W. D. Anderson and others, all condemning the fearful liquor traffic.

Sam P. Jones said that the resolutions ought to be pointed and that politicians and liquor dealers are afraid of pointed resolutions. He said that the resolutions pointed they will fear the influence of Christians. The report was then adopted.

Dr. Robins made the report of the committee on the orphan's home, making the recommendations of the trustees and reviewing the work of the year.

W. A. Farnum, secretary of the American Bible Society, made a very slow time on account of the elections for the general conference. They will conclude their work tomorrow night.

Memorial Services. Tonight the memory of the deceased preachers were read with appropriate exercises. They who have died this year are O. B. Quillian, J. R. Mayson, Dr. H. S. Bradley, and Joseph M. O'Keefe. The committee also paid beautiful tributes to the wives of preachers who have fallen asleep this year.

\$15,000 FIRE AT LAWRENCEVILLE.

Lawrenceville, Ga., December 4.—(Special.)—One of the severest conflagrations which has visited this place struck the Georgia, Carolina and Southern depot last night at 12 o'clock. The fire was caused by the carelessness of three tramps. Saturday night they broke open a car and on a pile of rocks in the car built a fire and remained there until last night, leaving just before the fire was discovered. Seven cars loaded with cotton were destroyed, also half the cotton platform, 800 bales of cotton seed belonging to the Cooper boys, three guano houses, eight bales of cotton of F. M. Brand, twenty of G. A. Almond, fifteen of Webb & Rutledge, thirteen of James Homan, a farmer, being an entire crop, leaving him penniless. \$500 worth of cotton of Records & Co., and a lot of other people's cotton.

The loss amounts to from \$10,000 to \$15,000 with no insurance except on the company's property. The others are after the tramps, who will be prosecuted for arson if caught. A terrible wind was blowing and it was impossible to put out the fire at any place it caught. The heaviest loser is the railroad company.

Rev. Mr. O'Kelly Nominated. Macon, Ga., December 4.—(Special.)—Rev. Thomas W. O'Kelly, pastor of the First Baptist church of Griffin, has been nominated by the congregation of the Tabernacle Square Baptist church as the successor of the late Dr. W. W. Warren. Rev. Mr. O'Kelly recently graduated at Mercer. He was previously located at that institution. He is a brilliant and able young minister. He is not known whether he will accept or not. His duties in the Griffin field. His work in Griffin is said to be wonderfully successful. It was known that he was expected to leave for his new location at Mercer, but he was held back by the call of his people. The call was unanimous and he was held back by the call of his people.

Negroes Bring More Than Whites. The person losses, December 4.—(Special.)—The person losses of control today listed 323 convicts, 497 of whom were negroes, and were hired to planters and levee contractors in the Delta and 25 were whites and were hired to a planter in Jefferson county. The difference in price results from the fact that negroes are regarded as the best laborers.

A Child Burned. Gadsden, Ala., December 4.—(Special.)—A small child of James McInnes, of Sand Rock, Cherokee county, was burned to death yesterday. The child was playing near the fire when its dress became ignited and was burned almost to a crisp before help arrived.

REV. GEORGE O. BARNES Will Hold Services at the Christian Church This Week. This distinguished orator and divine, notwithstanding the extreme cold, is attracting good audiences. His discourses will continue every night this week. His style is that of an earnest devout man who believes all he says. His beautiful and accomplished daughter plays upon the little organ, which they have taken round the world with them. She sings delightfully, and her father's preaching is able and impressive.

Mr. Barnes is an independent evangelist, and as he stated in his first discourse, is alone responsible for the doctrine he preaches.

IT'S TOMORROW

The Election Takes Place for Two Aldermen and Seven Members of Council.

VOTING PLACES HAVE BEEN SELECTED

And the Managers Who Will Have Charge of the Voting Have Been Named by the General Council.

Two aldermen from the city at large and seven councilmen, one from each ward, will be elected tomorrow.

All arrangements for the election were made yesterday afternoon by the general council and the indications are that it will be one of the most interesting though quiet elections the city has known in years.

There will be seven voting places in the city—one in each ward and 3,000 voters, or less, will name the nine gentlemen who will form a part of the legislative body of Atlanta for the next two years.

The voting will commence simultaneously in seven wards at 7 o'clock in the morning and will close at 6 o'clock in the evening, and it is generally believed that nearly every one who has registered will vote.

The voters will be divided into the points at which the ballot boxes will be found are: First Ward—No. 79 South Broad street. Second Ward—City hall, corner South Pryor and East Hunter streets. Third Ward—Corner Fair and Fraser streets. Fourth Ward—Corner Wheat and Jackson streets.

Fifth Ward—No. 228 Marietta street. Sixth Ward—No. 106 Peachtree street. Seventh Ward—Old council chamber, West End.

This will be the first time West End, or the seventh ward, as it will hereafter be known, has ever taken part in an election with Atlanta and as municipal elections are yet new to that ward the indications are that the vote will be light, as only fifty-three persons have registered.

It is a certainty that the seventh ward will vote a larger percent of its registration than any other ward in the city, as the residents are sanguinely interested in the work.

The managers who have been selected in the various wards are: First ward: Josh Tye, W. P. Anderson, W. K. Booth. Second ward: L. P. Sawtelle, W. E. Johnson, J. C. Rodgers. Third ward: W. E. Adamson, N. R. Broyles, A. S. Robbins. Fourth ward: S. A. Morris, J. W. Wade, M. C. Martin. Fifth ward: James Bell, J. H. Ellsworth, C. A. Dukes. Sixth ward: John Gatties, E. A. Robertson, James Bridge, Jr. Seventh ward: Louis Cook, Robert L. Rodgers, J. A. Caldwell.

The managers will have to select their clerks yet, but the probabilities are that the selections will not take place before tomorrow morning just before the polls are opened. The one or two states that will be allowed to vote. So far the registration totals up 3,000, of which 2,778 are white and 222 are colored.

The registration by wards and color is: First. Whites. Colored. Total. Second. 559 20 579. Third. 383 28 411. Fourth. 400 106 506. Fifth. 448 21 469. Sixth. 526 20 546. Seventh. 51 2 53.

The ticket is headed "The Citizens' Ticket" and contains the blue candidates.

The candidates are: For Aldermen, North Side—Colonel Albert Howell. For Aldermen, South Side—John A. Givins. For Councilman, First Ward—M. C. Camp. For Councilman, Second Ward—M. M. Welch. For Councilman, Third Ward—Robert Dodge. For Councilman, Fourth Ward—William J. Campbell. For Councilman, Fifth Ward—John Welch. For Councilman, Sixth Ward—Charles Harman. For Councilman, Seventh Ward—John W. Neams.

MR. MILLER'S FUNERAL. It Will Occur on St. Philip's Church This Afternoon at 2:30 O'clock.

The funeral of Mr. John G. Miller will occur from St. Philip's church this afternoon at 2:30 o'clock.

When the announcement of his death appeared in the paper yesterday morning it created a general feeling of surprise and sorrow. Mr. Miller's geniality of disposition and his natural buoyancy of spirit was such as to be the statement and to make the truth unfeigned.

Everybody in the city to whom the deceased was known had a pleasant word to say of his genial temperament and his true nobility of soul. Few men have had their services rendered so graciously, or have kindly the lives of their surviving friends more spontaneously.

After all, as exemplified in the life of Mr. Miller, it is not the high and dignified position which a man occupies that entitles him to honorable consideration, so much as it is the praiseworthy and distinguished manner in which he discharges his humble duty in whatever station he may occupy. In this respect Mr. Miller was an ideal citizen.

Mr. Miller was a member of a number of secret organizations and had put into the performance of his duty a full and hearty devotion. He was a man of many talents and his services were connected with which he was connected with the funeral in a body, and the services will be impressive and solemn.

TRouble GETTING A JURY. Only Eleven Men Have Been Selected to Try the Case of Charles Herring.

Fifty-six jurors were sworn in the Herring case yesterday morning—both sides announcing ready for trial. Out of this number only eleven were selected.

The attorney for the defense, J. E. Robinson, exhausted all his strikes.

Herring, it is said, will plead not guilty to the charge of murder, and an attempt will be made to prove that he killed his wife in a fit of insanity. The story is still fresh in the minds of the public. Herring first shot his wife and then a mercer. Both were taken to the Grady hospital. The wife lingered for some time and finally died. Herring, on the contrary, grew better and was carried to the jail, where he kept now.

The attempt to secure jurors will be continued this morning.

PRISONERS GOT AN AX. They Gave Some Boys a Dollar to Pass It In. The Boys Arrested.

Clarksville, Ga., December 4.—(Special.)—There has been a small ray of light thrown upon the mysterious jail escape of last Friday morning. Bill Goss, one of the prisoners left in jail, made a statement Saturday in which he said that, on Thursday, George Askew, Harold Kitron and another boy brought an ax and gave it to Claude Askew.

The boys were arrested yesterday. They say the prisoners wanted to give them \$2 to get them the ax. They got the ax tied a rope to the handle and dragged it through a field, or garden, which joins the back fence of the jail, so as not to be seen carrying the ax in jail, which, of course, would have ruined their plans. They succeeded in getting the ax into the jail and received \$1 only. Askew and Kitron divided the money, each taking 50 cents. The other boy, who they say, was Howell Edwards, was given four pigeons by the other boys for his share. George Askew is a brother of Claude, and is about thirteen or fourteen years old. Hal Kitron is about the same age, and is the son of a small farmer and wife near Atlanta, and is a physician here. Howell Edwards is nine or ten years of age, and is the son of a Mayor Edwards. Kitron gave bond in \$500. Edwards was not arrested. It was expected that George Askew would get a preliminary trial today, but it is understood that the trial is indefinitely postponed. There is some doubt about some startling and sensational things brought out at the hearing, as it is very evident that these boys could not have done the work of liberating the prisoners, and that other heads planned and executed the work.

WHERE IS HE FROM? A Mulatto Named Tom Evans Picked Up on the Railroad.

Decatur, Ga., December 4.—(Special.)—A negro was found by the side of the Georgia railroad at Hardage's Crossing, one mile east of Decatur, and was picked up by a local man on his bed and on the mouth. He was a mulatto, looked to be about twenty-two years of age and will weigh about one hundred and seventy pounds. He is not known by any one there, and he has a pocket book which shows that his name is Tom Evans. He wore a pair of striped pants and blue coat, and a small black hat. He had a pocket book with \$66 cents in money. He is now at the section house, near Decatur, and is treated by Dr. J. H. Goss. It is supposed that he is a runaway from a train or fell from a train.

One of the worst faults of mankind is procrastination. We are continually putting off until another time things that ought to be done at once. This fault grows on people and finally becomes second nature. Valuable time is thus lost, and it is only some startling occurrence, some striking example of the folly of procrastination that leads one to reform in this respect.

Bad as is the effect of this evil habit upon the one who practices it, it is tenfold worse for the innocent sufferers through another's fault. With them there is too often no reparation, and the good once lost through procrastination can never be regained.

Take, for instance, persons who are suffering from disease, especially those forms of disease peculiar to men and women, and are prone to their nature. Such diseases, if not attended to at once, often cause untold misery, if taken at once, and treated by expert and skillful specialists, all danger, worry and trouble is generally avoided. Dr. Harnaway & Co., the eminent specialists of this city, are considered to be the leading and most successful in the treatment and cure of all such diseases. If you place your case into their hands you can rest assured of satisfactory results and an honest opinion given of your trouble.

DRESSES AND PIES.

Are the Subject of an Interesting
Legislative Report.

THE LOVELY LADIES OF MILLEDGEVILLE

A Bright Ode of Romance and Poetry in
the Dull, Every Day Sahara of the
Proceedings of the Legislature.

The dull routine of reading house bills for the second time was suddenly interrupted yesterday morning by a committee report which startled the cod and grumpy statesmen half out of their wits.

It was the first aesthetic tribute to female loveliness that any Georgia legislature has ever placed on record.

Up to the time of its introduction there had been moving rather slowly and sullenly in the house. It was cold—miserably cold—and the great apartments were full of icy draughts that turned the noses of the members blue and caused them to draw their heads into the protective shelter of their overcoats like so many frightened turtles. Speaker Pro Tem. Bostwick had sought comfort in two hot bricks deposited under the desk, but they set their enveloping blanket on fire and burnt the feet to the hearts of curious members who had no bricks.

All this had a depressing, irritating influence and General Smith, of Gwinnett, had gone so far as to give notice that he intended to object to any bill, he didn't care what it was, when he had a broad grin on his face and a burst of laughter burst upon the house.

It came most unexpectedly in the shape of a report from the five members who had been delegated by the last general assembly to investigate the present status of the Georgia Normal and Industrial College at Milledgeville. The gentlemen upon whom this duty devolved were J. Porter King, J. L. Fulcher and J. G. Ferguson.

Such visits are as a rule perfunctory and the resultant reports are nothing but dry enumerations of the institution's needs. In fact, the report of the committee was so uninteresting that it was almost impossible to get through it. The report was so uninteresting that it was almost impossible to get through it.

"Your committee was especially impressed with the fact that the young women are prepared to make a livelihood for themselves and those dependent upon them, if necessary, and to adorn and honor the homes of Georgia's sons."

At this paragraph the members who had been leading a listless and listless life, picked up their ears. Their delicate attention to the possible matrimonial intentions of the fair girl graduates of the college was so keen that they were almost as quick to notice the fact that a very remarkable document was under consideration.

"They were very much impressed," so it ran, "with the sewing and cooking department, as to the former, sewing, they do not seem to be particularly expert, but they do seem to know that the dresses worn by the young ladies, which were made by their own deft fingers, were strikingly beautiful."

"This, though, may have been due to the fact that such dresses were not shown upon dummy figures, but were rendered more attractive by the young ladies themselves being wearing them, and forming a living background."

This astonishing statement produced an unmistakable sensation. Several of the members blushed violently. "Of course," said Mr. Hodges, of Bibb, who had moved forward so as to lose none of the report, "of course they do not mean that these ladies were merely wrapped in these dresses. They intend to say that they were 'em' and I shall amend to strike out the word 'background' and substitute 'stuffing.'"

He suppressed and the clerk, who had passed to get a drink of ice water, proceeded:

"In praise of Pie. As to the cooking, the committee thinks itself as good judge as the average man, and it pronounces the viands prepared by the young ladies in the kitchen to be entirely wholesome and palatable."

"The same young ladies, who, in cooking dress, demonstrated their familiarity with this department in a most remarkable manner in the evening in graduating attire and read essays which would have done credit to the graduates of any of our institutions."

"Their gentleness, refinement and womanly attractiveness had in no manner been impaired by the most remarkable and to the more useful arts necessary to the homelife of every day."

There was a long, but not unfriendly silence upon the floor. The report of the committee was so uninteresting that it was almost impossible to get through it.

The resolution for the relief of John N. Booth, introduced by Mr. Morton, was read for final action. Mr. Booth had become a surety for the Georgia Normal and Industrial College at Milledgeville.

A Bright Ode of Romance and Poetry in
the Dull, Every Day Sahara of the
Proceedings of the Legislature.

The dull routine of reading house bills for the second time was suddenly interrupted yesterday morning by a committee report which startled the cod and grumpy statesmen half out of their wits.

It was the first aesthetic tribute to female loveliness that any Georgia legislature has ever placed on record.

Up to the time of its introduction there had been moving rather slowly and sullenly in the house. It was cold—miserably cold—and the great apartments were full of icy draughts that turned the noses of the members blue and caused them to draw their heads into the protective shelter of their overcoats like so many frightened turtles.

All this had a depressing, irritating influence and General Smith, of Gwinnett, had gone so far as to give notice that he intended to object to any bill, he didn't care what it was, when he had a broad grin on his face and a burst of laughter burst upon the house.

It came most unexpectedly in the shape of a report from the five members who had been delegated by the last general assembly to investigate the present status of the Georgia Normal and Industrial College at Milledgeville.

Such visits are as a rule perfunctory and the resultant reports are nothing but dry enumerations of the institution's needs. In fact, the report of the committee was so uninteresting that it was almost impossible to get through it.

"Your committee was especially impressed with the fact that the young women are prepared to make a livelihood for themselves and those dependent upon them, if necessary, and to adorn and honor the homes of Georgia's sons."

At this paragraph the members who had been leading a listless and listless life, picked up their ears. Their delicate attention to the possible matrimonial intentions of the fair girl graduates of the college was so keen that they were almost as quick to notice the fact that a very remarkable document was under consideration.

A REWARD FOR HILL.

Telegrams Sent to Various Cities for
the Arrest of the Forger.

REQUISITION PAPERS ARE WORTHLESS

Hill Said to Be in Lexington, Ky.—Picture
of Hill Printed for the Police—To-
day's Edition of the Police-
Bulletin Says He Will Have Hill.

J. R. Tolson was very busy yesterday morning with telegrams, offering rewards for the capture of Harry Hill and his associates.

He yesterday afternoon offered a reward of \$500 for the arrest of Harry Hill and this offer was telegraphed to Cincinnati and scores of other places.

Five hundred excellent likenesses of Hill printed on slips of paper containing an accurate description of him and the offer of the reward of \$500 were prepared by Chief Connolly and will be sent broadcast to the police of the country this morning.

Hill's whereabouts is at present a matter of much speculation. He is believed to be in Lexington, Ky., as it was stated to be in Cincinnati police yesterday by a young man who was with him after his release Saturday night.

Patrolman E. L. Jett has been scouring Cincinnati for Hill since his arrival in that place Sunday morning. He has with him two detectives kindly furnished by Chief of Detectives Hazen.

When Jett arrived Chief Hazen expressed the opinion that the capture of Harry Hill was only a matter of time. It was then thought that Hill was hiding somewhere in the city and that a night watchman, who when he had spent a short time after his release, knew where Hill was.

Officer Jett was not long in learning, however, that Hill had not remained long in Cincinnati after being released. He had once more fled to some place in anticipation of the arrival of the Georgia officer with requisition papers.

Chief Connolly wired Jett to go to Columbus, O., and have the requisition regularly signed by the governor. Yesterday Jett renewed his fruitless search and learned that Hill had gone to Lexington. He showed the requisition for Hill to Chief of Police DeLoach and that official pointed out the paper worthless. He said it would not bring Hill under the Ohio laws.

Chief Jett was astonished to find that he had been deceived and was inclined to doubt Chief DeLoach's word. The city attorney of Cincinnati was called in to examine the papers and he affirmed the opinion of DeLoach. He stated to Jett that it would be useless for him to go to Columbus with the requisition papers as useless to try to carry Hill out of the state with it.

Jett wired to Chief Connolly yesterday afternoon of the inaccuracy in the requisition and asked for instructions. Chief Connolly sent for Mr. Tolson and the latter declared that the requisition papers were as good as ever issued. He then sent the following telegram to Officer Jett:

HAS BEEN PROBATED.

Major Marion C. Kiser's Will Entered
in Common Form.

HIS WIFE IS WELL PROVIDED FOR

Messrs. W. H. H. and John Kiser Are the
Largest Beneficiaries—How the Es-
tate Was Disposed of at Length.

In the court of ordinary yesterday morning
the will of the late Major M. C. Kiser was
probated in common form.

Throughout the will a very clear and con-
cise in its terms and it would probably be a
matter of impossibility to find an example of
either tautology or ambiguity.

In the will the amount of the Kiser estate
as a whole is not estimated in any way, but
an estimate from a conservative standpoint
places it at very little less than \$1,000,000,
which includes everything—real estate, per-
sonal, business, interest, stocks and bonds.

The date of the will is September 2, 1903.
Item first provides that if there are any
debts left by the major that they shall be
paid without delay, but that he wants none
of his real estate sold for the purpose. The
second item directs as to the disposition of
his body.

The third item touches on the legacy of his
wife, and he bequeaths to her absolutely \$100,
to be paid to her out of the first moneys
coming into the hands of his executors after
the payment of any possible debts. In addi-
tion to that Mrs. Kiser is given a legacy of
\$5,000 per annum, to be paid to her either
yearly or by the month, as she may desire,
and to last as long as she shall live. This is
with the provision that she shall occupy the
present Kiser residence with the children and
have it as a home for herself and the children.
But that should she see fit to leave the home
and cease to keep the family together and to
look after the children, the legacy is made
\$2,000 instead, but under the same conditions.

The fourth item is in reference to the
Kiser home, which is on the corner of Peach-
tree street and Forest avenue. He directs
that it shall be maintained and improved and
that the money is to be paid out by the ex-
ecutors. These expenses include everything
that might possibly be desired.

In the fifth item the children are provided
for in the allowance of \$2,500 each until they
have reached the age of twenty-five, when
their subdivision of the property goes to them
as according to the will.

Provision for the excess of income is made
by item six. This is that the excess shall be
applied and devoted to the improvement of
the real estate, provided that the following
legacies shall first be paid:

1. One thousand dollars to the home mis-
sion and board of the Southern Baptist con-
vention, of which Major Kiser was a member.

2. Provision is made that \$500 shall be
paid to every one of the young men of good
character and temperate habits who have been
connected with the firm in the capacity of
employee for five years, consecutively, and
who are still in the employ at the time of Major
Kiser's death. The provision to that is that
no person working for the firm and receiving a
share of the profits shall be considered an
employee.

Three hundred dollars is left to each one
of the household employees who have been in
the employ of the family for five consecutive
years, and were still with it at the time of
the major's death.

Item seven provides that the residue of
the estate is to go to his two sons, William
H. Kiser and John Kiser, and directs
that none of the Atlanta real estate is to be
sold. Should both sons die without issue
the property is to be distributed
according to the present rules of legal in-
heritance.

W. H. H. Kiser, Gordon Kiser and Charles
D. Montgomery are made executors of the
estate. The careful attention of the ex-
ecutors is urged to the needs and comfort of his
wife and son John.

The will is not especially lengthy, but
covers all the ground.

NEW ATLAS OF ATLANTA

By H. B. Bayler and E. B. Latham, Civil
Engineers, 410 10th St. Building.

The atlas will be made up of forty
sheets or forty land lots, of 202 1-2 acres
each, upon a scale of 200 feet to the
inch; each sheet shows the names of each
property owner, the shape and size of each
lot; also, the new and old names of each
street. Your choice of either book paper,
best quality of bond paper or book paper,
must be backed.

The following land lot numbers make up
the atlas, viz: 14 18 19 20 21 22 43 44 45
46 47 48 49 50 51 52 53 54 55 74 75 76
77 78 79 80 81 82 83 84 85 87 107 108
109 110 111 117 and 118.

Sold either in atlas or separate sheets.
Price of sheets, \$1 each. Now ready for
distribution, 78, 81, 77 and 82.

Brussels Refugees Take Notice.

All persons holding certificates signed by A.
J. Crowatt, that they are bona fide refugees
from Brunswick, will be given free passage
to Brunswick by the East Tennessee, Vir-
ginia and Georgia railroad. Judge Crowatt
resides at the K. M. B. house from 10 to
11 o'clock a. m., and from 3 to 4 o'clock p.
m. daily. dec4-6t.

Christmas Presents.

You can make twelve elegant Christmas
presents to twelve of your relations and
best friends for from \$4 to \$6 by selling
now for a dozen of my finest photographs.
How can you provide twelve as satisfac-
tory presents for twelve persons for the
same amount of money? Come now while
the weather is pleasant and before the
holiday rush, and I will give you the finest
work ever left by my establishment, and your
worry as to how to provide presents will
be over.

Also, a special reduction on life-size cray-
on portraits for the holidays. Place your
order at once or you will be too late.

Can Go Back Home.

The East Tennessee road has generously of-
fered free fare to all bona fide refugees from
Brunswick wishing to return home. The cer-
tificates must be obtained from Judge A. J.
Crowatt, who is at the K. M. B. house from
10 to 11 o'clock in the morning and 3 to 4
o'clock in the afternoon. Many refugees
have already taken advantage of this kind offer.

KNOWLEDGE

Brings comfort and improvement and
tends to personal enjoyment when
rightly used. The many, who live bet-
ter than others and enjoy life more, with
less expenditure, by more promptly
adapting the world's best products to the
needs of physical being, will attest the
value to health of the pure liquid
laxative principles embraced in the
remedy, Syrup of Figs.

Its excellence is due to its presenting
in the form most acceptable and pleas-
ant to the taste, the refreshing and truly
beneficial properties of a perfect lax-
ative; effectually cleansing the system,
dispelling colds, headaches and fevers
and permanently curing constipation.
It has given satisfaction to millions and
met with the approval of the medical
profession, because it acts on the Kid-
neys, Liver and Bowels without weak-
ening them and it is perfectly free from
every objectionable substance.

Syrup of Figs is for sale by all drug-
gists in 50c and \$1 bottles, but it is man-
ufactured by the California Fig Syrup
Co. only, whose name is printed on every
package, also the name, Syrup of Figs,
and being well informed, you will not
accept any substitute if offered.

CURES

Kidney Diseases!

For the last few years kidney disease has
been rapidly on the increase.

Insidious in its approach—alarming in its
consequences—this terrible scourge has cut
down some of the brightest intellects of the
age. Many suffer from kidney trouble long
before they are aware of the true character
of their complaint.

In disease, any neglect or delay is danger-
ous. This is peculiarly true of all kidney
affections. The first symptoms
appear, treatment should commence.

Dull pain in the back, weakness over the
loins or tenderness upon pressure, scanty or
reddish urine, cloudy after standing, brick
dust deposit, burning or uric acid reaction,
smarting or aching pains in passing water,
etc., etc., are danger signals, and should be
promptly heeded.

Stuart's Gin and Buchu

is the remedy you need. By its use you do
not have to live up to a long and painful
follow your usual avocation, and also get
well.
